flexibility throughout performances.

KS2 National Curriculum Aims

The main KS2 national curriculum aims covered in the Gymnastics units are:

- Develop flexibility, strength, technique, control and balance [for example, through athletics and gymnastics].
- Compare their performances with previous ones and demonstrate improvement to achieve their personal best.

The Gymnastic skills taught throughout the units can be broken down into these specific areas; rolls, jumps, vault work, handstands, cartwheels and round-offs, travelling and shapes and balances.

This table maps out the progression of skills in each area to be taught in each year group. Please note – the age range is only a guide. All skills should be taught depending on the gymnastic ability of the children. Many of the skills are repeated across year groups to allow for children to progress at their own pace. For example, if a child has not mastered a forward roll from standing in year 3, the skill can be revisited in year 4, 5 and 6 if necessary.
